

Norwood Bookcase

108644

Concrete, wood and metal come together to construct a fascinating bookcase. Featuring a thick grey concrete top, a black metal frame and pine wood shelves and drawers in a coffee bean finish. Crafted from a natural concrete mix, each piece will look different. Variations in colour, texture, imperfections, surface scratches and non-structural hairline cracks are considered inherent and valued qualities of the material. As wood is an organic, porous material, these pieces will contain natural variation of texture and may also exhibit fine indentations and cracks. Wood pieces will also display a disparity of colour and grain, and visible knots and burls that add to the character of each piece.
