

ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. While threading the wire through, assemble the rods (4) together using the nipples (3). Attach the bottom end of rods (4) into the socket assembly (6) until tight.
4. Secure the top of the rods (4) onto the loop (5).
5. Refer to the additional installation instructions included with the product for wiring and installation.
6. Use the link to connect the loop (5) to the loop on the canopy (1) and twist the locking mechanism to secure.
7. Install the glass shade (7) over the socket assembly (6) and secure with socket ring (8).
8. Install proper bulbs (not included) into each socket referring to the markings and/or labels on the fixture for maximum wattage.
9. Restore power to the installation point and retain this sheet for future reference.
