

## ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Unravel the supply power and ground wires and pass them through the stem (G), the rods (B), the rod (C), the loop (D) and the canopy (E).
4. Thread the stem (G) to the protruding nipple at top of the fixture body (A), and hand-tighten until snug.
5. Attach the ends of the chains (H) to the loops on the stem (G) and the fixture body (A), as shown in the diagram.
6. Thread the bottoms of rods (B) and rod (C) into the stem (G) as shown, and hand-tighten until snug.
7. Thread the loop (D) onto the uppermost rod. Hand-tighten until snug.
8. Use carabiner (F) to connect loop (D) to the loop on the canopy (E) and twist the locking mechanism to secure.
9. Refer to the additional installation instructions included with the product for wiring and installation.
10. Install proper bulbs (not included) into each socket referring to the markings and/or labels on the fixture for maximum wattage.
11. Restore power to the installation point and retain this sheet for future reference.
