Safety Information

	Turn off electrical current at the source before working with any lighting fixture or portable lamp.
	Install and use this product in adherence with local electrical codes and regulations.

FIXTURE PARTS

- A. Lightguide
- B. Shade
- C. Touch Switch
- D. Screw-Nut Ring
- E. Set Screw
- F. Allen Wrench
- G. Stem
- H. Base
- I. Electrical Cord with Male and Female Connectors
- J. Adapter with Plug

INSTRUCTIONS

1. Remove the lamp and all its parts from the packaging.
2. Determine the desired appearance of the lamp and assemble accordingly:
 - a) **Option 1:** To use the lamp *without* the shade, thread the screw-nut ring onto the stem before screwing the lightguide onto the stem.
 - b) **Option 2:** To use the lamp *with* the shade, attach the shade to the stem using the set screw and provided Allen wrench. Then, screw the lightguide into the shade.
3. Connect the electrical components by plugging the male and female connectors of the electrical cords together.
4. If necessary, attach the plug attachment to the adapter.
5. Plug the lamp into a functioning electrical outlet and test its operation.
6. Use the touch-sensitive switch to turn the lamp on/off and to adjust the brightness settings.
