

TR12 Pendant

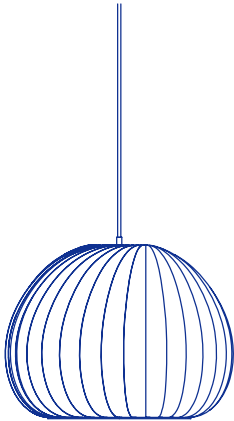

tomrossau.com

Description

The TR12 has a very classic look, with a soft, rounded profile. As a pendant, the TR12 beautifully complements the dining table in a single, larger size. The TR12 is also ideal for high placement, and looks magnificent when hanging in clusters.

The shade in birch veneer's provides a soft, diffused light, resulting in a warm, mellow atmosphere. Some direct light is allowed to pass through an opening at the base of the lamp, allowing to illuminate the table underneath.
