TR42 Series

tomrossau.com

Description

With inspiration from the rounded slats of the No. series, TR42 has been created with an eye for soft and rounded design language. It brings to mind the TR10, which has been halved in the middle, thus creating the characteristic teardrop shape

of the TR42. The lamp has a voluminous lightness that gives a playful expression. The underside of the lamp is open, casting light directly below, making it an obvious choice to hang, for example, above the dining table.

Specifications

Dimensions
ø30 x h33 cm
ø40 x h55 cm

Material:
Birch Veneer

Colour:
Natural

Technical

Recommended light source:
1 x LED E27 (A60) – Included

Recommended power:
5–8W (max 15W)

Cord length:
250 cm

Switch:
No

Certifications

This product complies with the harmonised standard of the EU.

LED

IP20
