Deguara Indoor-Outdoor Coffee Table

SKU: 51124

The Deguara Coffee Table is masterfully carved from a single, massive root of natural teak wood. The piece features a light, bleached finish that softens the wood's rugged texture while highlighting its intricate grain patterns and organic hollows. Each will vary in size and shape due to being uniquely handcrafted. Use as a standalone piece or bunch together for a unique look. Solid wood will continue to move with temperature and humidity changes, which can result in small cracks and uneven surfaces, adding to its authenticity and character. Suitable for both indoor and outdoor use.

Specifications
