

# Offset

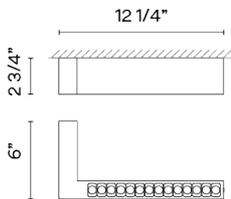

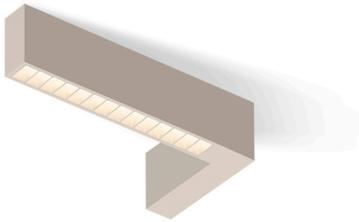

1747

VIBIA

Design By Xuclà

The Offset 1747 ceiling light is characterized by its linear design and easy surface installation. The Low-Glare High Efficiency linear model allows for highly energy-efficient installations and minimal glare. The structure is aluminum with powerful LED light strips, a versatile fitting offering static and Tunable White lighting options to customize spaces according to individual project requirements. A stylish and sustainable solution for a warm and light-filled ambiance.

## Spec sheet

Any modifications require a minimum order quantity and extra lead time
