Inspired by the flowering plant of the same name – as featured in the painting by Mary Vaux Walcott, found in the collections of the Smithsonian American Art Museum– Jacob's Ladder by Varaluz rises to meet even the most discerning design tastes. An identifying feature of this plant is its foliage, with its densely packed leaf stems that bear small, fern-like leaflets, that rise along the stem. The Jacob's Ladder collection similarly features a stunning handwoven, alternating, natural, sustainable rattan and abaca rope layering. In a dark room, the backlighting on the rope has a starry night, twinkle effect. Hand crafted from 70% recycled steel. Low-VOC French Gold finish.
