For a look that is out of this world, look no further than Cosmos. Alabaster disks draw inspiration from festive yet ethereal shapes in a rare art illustration in Smithsonian Libraries. Cosmos by Varaluz embodies complex elements like real Spanish alabaster stone and harmonizes them in a neatly layered form. Cosmos takes glam rock a little Japanese with a dose of industrial charm, making it the embodiment of luxe industrial style.

Handcrafted of Recycled Steel. Spanish Alabaster Stone Discs. Hand-Finished in Havana Gold.
