In 1856, pioneering British architect and designer, Owen Jones, literally wrote the book on design in the machine age, The Grammar of Ornament. The Patchwork collection by Varaluz is inspired by Jones's seminal work which was lavishly illustrated in vivid chromolithographic color. Patchwork elevates the Greek decorative patterns and color tones featured in his design treatise, to create a cleaner, modern sensibility for the 21st century. Features hand-painted matte black and brass plated accents, with white cotton or patchwork vegan leather shades.

Smithsonian collaboration. Hand-crafted recycled steel frame. Modern cotton shade.
