Cabinets

Treasures is a customisable cabinet with a Nordic expression. The cabinet is made from veneered oak wood, and the curved sides of the cabinet have a customisable covering that gives Treasures a soft, tactile touch.

The sides of the cabinet open as wings that elegantly store your fine liqueur or books. The storage compartments in the centre of the cabinet each have one shelf, making it the perfect storage solution for your ceramics and porcelain.

Cleaning:
Dust with a clean, damp, lint free cloth. Frequent dusting will remove abrasive build up, which can damage the finish over time. Avoid exposing your furniture to any liquids. All liquids should be wiped up immediately with a soft slightly damp cloth in the direction of the wood grain. If sticky liquid residues do occur, they may be removed with a diluted solution of warm soapy water followed by a clean, damp sponge. The area should then be wiped immediately in the direction of the wood grain with a clean, soft white cloth until completely dry.
