BOTTLE GRINDERS, SMALL
Designed by *Norm Architects*

BOTTLE GRINDERS, SMALL
Designed by *Norm Architects*

A scaled down version of the original design, Bottle Grinder, Small is sized for the table or smaller spaces. Shaped to sit comfortably in the hand, the salt and pepper mill set is fitted with a powerful ceramic mill that makes light work of grinding a wide range of spices. Their upright, flask-like shape ensures surfaces remain free from unwanted residue, while the surface is easy to clean. Fitted with a beech or walnut lid, the diminutive design is offered in three beautiful colourways that blend seamlessly into any kitchen or dining room.

About the Designer

Founded in Copenhagen in 2008 by Jonas Bjerre Poulsen and Kasper Rønn, Norm Architects specialise in residential architecture, commercial interiors, industrial design, photography and art direction. The name, Norm Architects, reflects the group's emphasis on the importance of drawing inspiration from norms and traditions within architecture and design – particularly the Scandinavian design principles of timeless aesthetics and natural materials, and the modernist values of restraint and refinement. Guided by these principles, Norm Architects produce a design that unites materials and craftsmanship, while embodying beauty, history and, most importantly, timeless simplicity, where there is nothing more to add or take away. Today, the group regularly collaborates with Audo Copenhagen, helping to drive the evolution of the brand and its product offerings — imbued with the same intrinsic quality as Norms creative direction: a simplicity that carries bigger ideas. Lead by the body and mind rather than by trends or technology, their projects explore ideas that not only look good but that also feel good: architecture becomes thoughtful, minimalism acquires softness and visual matter assumes haptic qualities.

PRODUCT TYPE
Salt / Pepper grinder

ENVIRONMENT
Indoor

DIMENSIONS
H: 11,5 cm / 4,5"
Ø: 6,8 cm / 2,6"
