Vignelli Cube

Designed by Lella & Massimo Vignelli

Date 2005

Available in a range of colors, the indoor-outdoor Vignelli Cube can be used as a stool or side table, and is equally at home next to a pool, in an office space, on a tennis or pickleball court, or at a dining table.

When designers Lella and Massimo Vignelli couldn't find multi-purpose indoor-outdoor furniture for their home in Italy, they decided to create their own. Known for their ability to bring clarity and timelessness to everything they created, their durable, functional, and modern Vignelli Cube is a sculptural addition to any setting. Suitable for residential, hospitality, and office environments – indoors and out – this cube / side table is a low maintenance, colorful, long-lasting piece that's made in USA.

This hollow cube weighs 15 pounds, but if you'd like to add sand for even more wind resistance, there is a hole with removable plug on the underside. We recommend using dry play sand that can be purchased at most hardware or landscape material stores.

HEIGHT 18 1/8"
WIDTH 18 1/8"
DEPTH 18 1/8"
WEIGHT 15 lbs.

PACK 1 per carton/per color
